This page shows how [Richard Allan](/mp/?p=10007) (/mp/?p=10007)'s entry in the Register of Members' Interests has changed over time, starting at the most recent and working back to the earliest we have managed to parse. Please be aware that changes in typography/styling at the source might mean something is marked as changed (ie. removed and added) when it hasn't; sorry about that, but we do our best with the source material.
