## OUR PEOPLE

to diversity across all its operations, we are pleased to say that 55% of our employees are women, with many in senior positions including the Chief Executive Officer and Chief Operations Officer. We also employ staff from around 35 different nationalities, and in total, we work in more than 30 countries.

## OUR WORK AND OBJECTIVES

The geographical spread of our staff reflects the extent of our mission: our work covers some of the greatest and most difficult challenges that leaders face in the era of globalisation.

On Governance, we work alongside partner governments to build their capability and improve living standards for their people, with projects in 14 African countries, whose combined population exceeds 460 million. Long-standing projects include Ethiopia, Guinea, Kenya, Mozambique, Nigeria, Rwanda as well as Sierra Leone and Liberia, who both, having been through elections this year and changes of government, have renewed their projects with us. Since we announced the Institute, we have also added projects including: Sao Tome and Principe, The Gambia, Togo, Ghana and Senegal. Our partnerships with these countries focus on driving economic reform, strengthening the private sector and business environment, building key infrastructure and improving the delivery of public services to people in some of the world's poorest nations. Some of our key achievements across the projects this year include: assisting democratic transitions in countries such as Sierra Leone; continuing to implement a Rural Electrification strategy in Rwanda, which will increase access to 500,000 households by 2020; and helping to develop Ethiopia's pharmaceutical strategy and approach to four new industrial parks designed to create 50,000 jobs. Tony Blair has been to Africa seven

On another infowar front, we wanted to make sure you had the latest update on Lanny and Hill. This article is available here as a stand-alone piece: **Clinton's Secret Back Channel to India and Pakistan**

## CLINTON'S SECRET BACK CHANNEL TO INDIA AND PAKISTAN

NEW JW RELEASE:

**U.S. State Department FOIA PART I. (Feb. 01, 2019).** *Judicial Watch v. U.S. Department of State*, Case No. F-2016-07895, Doc. No. C06162980, Date: 09/26/2018, emails Oct 18 00687-1, 376 pgs. Judicial Watch. [Fully indexed and searchable]

A first revelation from our review is that as early at Sep. 16, 2010, Secretary of State Hillary Clinton was using **Lanny J. Davis** as a secret back channel to India and Pakistan. Davis is Michael Cohen's current lawyer. The task was so secret that the DOS CLASSIFIED it before this Judicial Watch release. Tellingly, just 14 days later on Sep. 30, 2010 Hillary secretly paid \$250,000 and hired Facebook's Russian manager Dmitri Shevelenko for a second tranche to create a "template for election winning." Shevelenko's own Linked In page says he moved to India to write the program. Apparently, **Lanny J. Davis and the Department of State itself was being used to rig American elections by then Secretary of State Hillary Clinton.** This Facebook contract occurred just two months after the *Leader v. Facebook* trial which was going to appeal at the time. Such tampering with witnesses in an active litigation is obstruction of justice by Hillary Clinton herself, not even counting treasonous election meddling.

Indra Nooyi has a globalist NWO resume: Pepsi, Boston Consulting Group, Booz Allen Hamilton, Motorola, ABB, Yale

**NEW JUDICIAL WATCH Mar. 22, 2019 FOIA TRANCHE:** Michael Cohen's attorney Lanny J. Davis was a CLASSIFIED Hillary Clinton secret back channel to India, Pakistan and the Middle East using Pepsi's Indian-American CEO Indra Nooyi as early as Sep. 16, 2010.

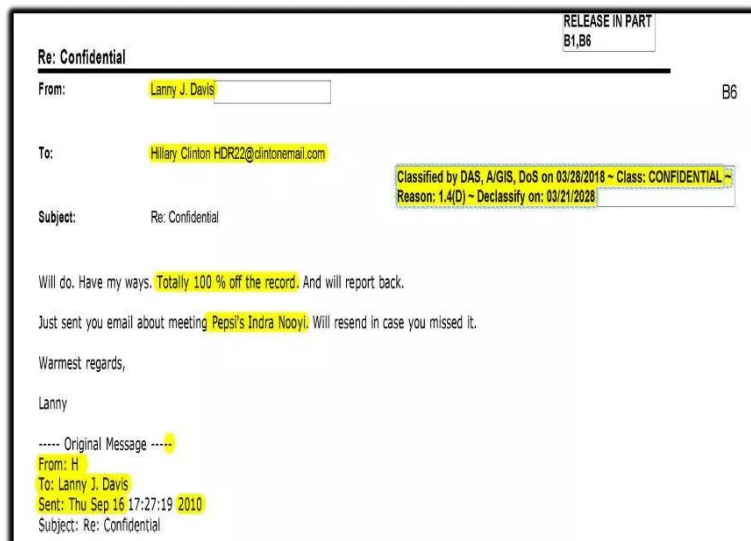

State Department CLASSIFIED a Hillary Email to LANNY J. DAVIS, Michael Cohen's attorney!

This was just 14 days before Hillary secretly contracted with Facebook to build a “template for winning elections”... in India using Facebook’s Russian programmer/manager Dmitri Shevelenko

**Hillary Clinton & U.S. State Department paid \$265,000 to Facebook to supply "template for winning elections"—a.k.a. illegal election rigging by U.S. government officials**

**On Sep. 30, 2010:**  
 Hillary Clinton and the State Department signed a \$265,000 Contract No. SAQMMA09M1870 with Facebook to provide "Facebook pages to build an international community to discuss relevant issues of the day." The Facebook contact was Dmitry Shevelenko whose LinkedIn profile states that between Feb. 2009 and Aug. 2010 he was a Facebook Relationship Manager. More specifically:[390]

			
Hillary R. Clinton	Dmitry Shevelenko, Facebook "election winning" template manager	Mark E. Zuckerberg, Facebook CEO	Sheryl K. Sandberg, Facebook COO

**Dmitry Shevelenko LinkedIn Profile:**  
 "Politics and November 2010: Developed Facebook's political advertising go-to-market strategy for the November 2010 elections. Worked with [U.S. government] agencies and campaigns and help them use Facebook Ads & Pages to drive awareness, persuasion, fundraising, and votes. Established a template for winning elections using advanced Facebook marketing." [391]

A previous contract under the same contract number for \$120,000 was awarded a year earlier on Sep. 26, 2009.

Proof Peter Strzok mislead (lied) to Congress about when Hillary Clinton set up her private email server.

#### Strzok's testimony:

**Peter Strzok big fat FBI lie** about the reason for the set up of the private email server. The FBI knew years before they released tranches of Hillary's emails starting in Sep. 2016. Tellingly, he volunteered this explanation even though he wasn't asked about WHEN.

**Peter Strzok. (Jun. 27, 2018).** Peter Strzok TRANSCRIPTION of Interview with Peter Strzok released by Rep. Doug Collins (GA 9th), Committee on the Judiciary, pgs. 312. U.S. House of Representatives.

used a private email server?

A What she told us -- and I believe this, I think -- is that she used it for personal convenience, that she was not a technical person, that she wanted one device where she could do work and personal things, and, if I recall correctly, that she had set up -- or somebody in the Clinton arena had set up that server during her Senate time or that she began using it in that time and she simply wanted that same convenience.

FACT (which he should know as a top FBI officer)(we in the alternative media have known this ever since DATE):

**On Jan. 13, 2009,** Hillary Clinton registered **clintonemail.com** domain. [227] Justin G. Cooper was the registered point of contact with Network Solutions. This domain was pointed to the Apple OS X email server that Cooper had set up in the Clinton's home basement in Chappaqua, New York on or about Jun. 01, 2008. At about this same time, Cooper contacted Bryan Pagliano to upgrade the private email server because the current server was "antiquated and users were experiencing problems with e-mail deliver on their BlackBerry devices." Forget the British . . . one should understand that in Canada, there is no legal obligation for charities to report the source of donations making it easy to hide the origin of "dirty money" . . . Enter Uranium One's Frank Giustra, one of Bill Clinton's closest friends and business partners . . .
