1 PHOTO (ANDREW W. MARSHALL):

2

3 Let me talk to you about a man
4 whom I know, and you know nothing
5 about. His name is Andrew
6 Marshall. He was the director of
7 the [Department of Defense]
8 Office of Net Assessment. It all
9 sounds very fancy, but the reason
10 I am bringing [it] up [is]
11 because he is the father of the
12 Neocons and implementer and
13 strategist for 9/11 - the false
14 flag. And, the man who sent our
15 intelligence, the C.I.A., and our
16 military into harm's way in Iraq.

17

18 Let me talk about Andy Marshall.

19

20 Andy Marshall was 97 when he died a few weeks ago, and The Wall
21 Street Journal wrote about how great an American he was, he
22 wrote papers on strategic warfare, and he was one of our great
23 thinkers.

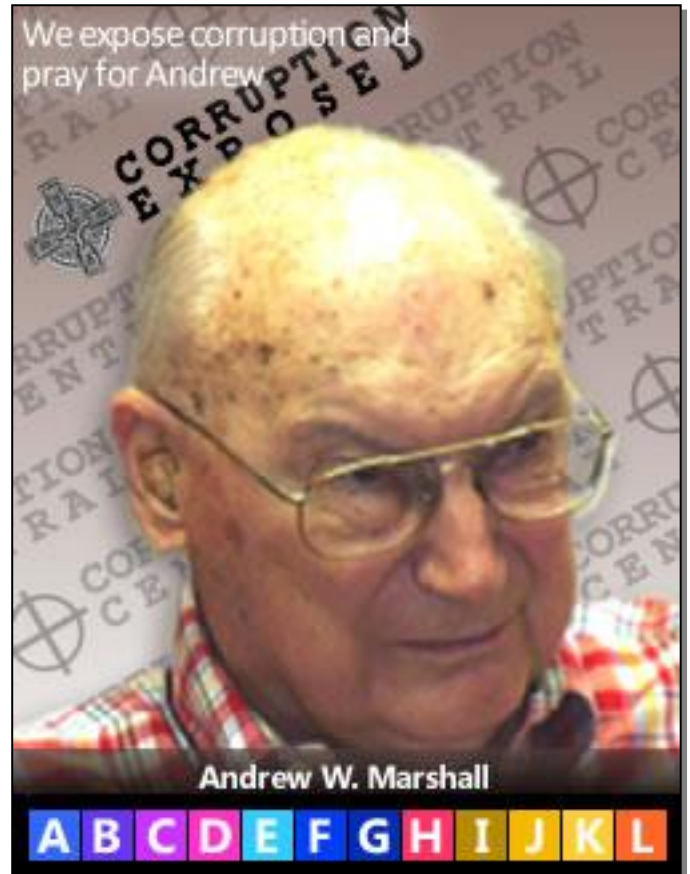

24

25 Nothing could be further from the truth.

26

27 I knew Andy Marshall exceedingly well. When I was attended
28 Harvard, MIT, I left and became the [DAS?] for several
29 administrations, as you all know.

30

1 Henry Kissinger and Andy Marshall were very close. Nixon had
2 appointed Andy Marshall, a man who never served in World War II.
3 Let me repeat it again. He never served in World War II and
4 refused to serve because he had a heart murmur. He could have
5 served in the Korean War. He could have served in the Vietnam
6 War. He could have served in any war he wanted to, but he
7 claimed he had a heart murmur and he was not allowed to come
8 into the draft.

9

10 I thought that was nonsense, and I told Andy this, but Andy had
11 a propensity for creating papers that always declared that we
12 Americans had to go to war and be Number One. That's how he got
13 to the Neocons.

14

15 In 1992, Andy had appointed Zalmay [M.] Khalilzad, [Paul D.]
16 Wolfowitz, Richard [N.] Perle, [Richard B.] Cheney, [George W.]
17 Bush and [Donald H.] Rumsfeld as the key leaders in the
18 neoconservative movement, meaning that we, America, had to be
19 Number One, and Israel would be our co-partner. And, we would be
20 involved in wars around the world to make sure that we
21 stabilized and unified the world.

22

23 Well, you saw what happened in Iraq. You saw would happen in
24 Vietnam. You saw what happened in Somalia [and] Sudan. This was
25 all the product of Andy Marshall.

26

27 I didn't like Andy Marshall, and he knew that. The reason I
28 didn't like him [was] I found him to be slimy. I found him to be
29 stupid. I said to him, "I don't think that your papers at the
30 Rand Corporation were anything significant. I think you are a

1 Machiavellian individual who basically fellated everybody above
2 him so he could get into power.”

3

4 How powerful he was? Exceedingly powerful, because you never
5 heard of that Office of Net Assessment.

6

7 Let me tell you what happened. When I met him, I said to Andy
8 not only do I not respect you, but I'm warning you that I have
9 monitored you since the day you left Nixon. And, I have learned
10 very well from sources, and the monitoring we had on you Andy,
11 up to the point of 9/11, and then beyond, that you were deeply
12 involved with the Mossad. In fact, he was so deeply involved
13 with the Mossad, I had to deal with certain Mossad operatives,
14 and sent them to prison, and others I made sure that they never
15 functioned again.

16

17 And, I warned Andy Marshall a year before 9/11, as I walked
18 through DoD, I saw the CIA take over key positions. [sic] I saw
19 [Douglas J.] Doug Feith be put into position, a man who had no
20 credibility in our system. [Paul D.] Wolfowitz, Zalmay [M.]
21 Khalilzad, a slimy Afghan who still, right now, doing our
22 negotiations in Afghanistan, but he was the one who created the
23 war in Afghanistan. We have John [R.] Bolton, a slimy little man
24 who's in the White House. We have Elliott Abrams, who I almost
25 killed, literally, because he had gone against my own people in
26 Panama and elsewhere. And then, we had after several others who
27 came back.

28

29 What I said to Andy it was the following. If you in any way harm
30 our country, or you deal with our military, you will pay heavily

1 for that problem. In fact, what did happen is military
2 intelligence monitored me, I monitor them.

3

4 So, let me quote [President] Andrew Johnson, who said the
5 following: "disunity within America is treason." But let me
6 quote John Wilkes Booth: "sic semper tyrannis" ([trans.] thus
7 always with a tyrant).

8

9 A coward and a tyrant was Andy Marshall.

10

11 Good night and good luck.
