St Mark's Anglican, Brown's Town, St Ann

The original church was built in 1805. A small building with stone walls, a low shingled roof, high pews and a pulpit facing north. It was built by Hamilton Brown Esq., a native of Ireland who settled in St Ann during Rev. G. W. Bridges time as Rector of St Ann's Bay Parish Church.

Sacred to the memory of **HAMILTON BROWN** Esq. Native of the County Antrim, Ireland who departed this life on the 18th Sept 1843 in the 68th year of his age. He was the **FOUNDER OF THIS TOWN**. Was 22 years one of the Representatives for this parish in the Honble. House of Afsembly [Assembly]. His name will long be cherished.

By 1892 the church had fallen into disrepair. The building of a new church commenced in 1894 and was completed in 1895.

My memories of St. Mark's, Brown's Town, connect me to Harvest suppers and the Remembrance Sunday when my baby brother was Christened. My only memory of a service is the refreshing ministry of the Church Army when our pastor was on leave. But the strongest sense is not of the services. I feel very strongly the brightness of the building on the highest point of the town centre. The feeling of cool inside on a hot and rainy day.

Have you ever come across the names of Rev David or Alexander Fullerton, Both were buried in Jamaica and lived in St Ann for their adult lives. Rev David Fullerton was the rector of St Ann Parish but we don't know where they are buried?? 1780 and 1806 respec.
