Clinical Development Consultants

Harvard T.H. Chan School of Public Health

About

Extensive experience in infectious diseases clinical research, developed over eighteen years at the Centers for Disease Control and Prevention and in the biotech/pharmaceutical industry.

Subspecialty training in infectious diseases and postgraduate training in epidemiology, with a strong data analysis background.

Industry experience encompassing microdose to phase 4 clinical development, (principally Phases 1-3) with increasing leadership and management responsibilities.

Significant experience with NDA/CTD/eCTDs and with regulatory agencies, resulting in three successful NDA/global approvals and sNDA filings.

Specialties: early late stage clinical drug development, phase 1, 2, 3, 4, microdose, translational, regulatory submissions, IND, CTA, NDA, CTD filings, pediatric plans, protocol development, IB, ICF, safety, medical monitoring, epidemiology, data analysis, data interpretation, manuscript, scientific presentation, antibacterial, antiviral, parasitic, siRNA, hepatitis B + C, experience with FDA, EMEA, country authorities, CRO selection
