Nanotechnology Weaponized to Deliver Viruses

(<https://patriots4truth.org/2020/03/20/nanotechnology-weaponized-to-deliver-viruses/>)

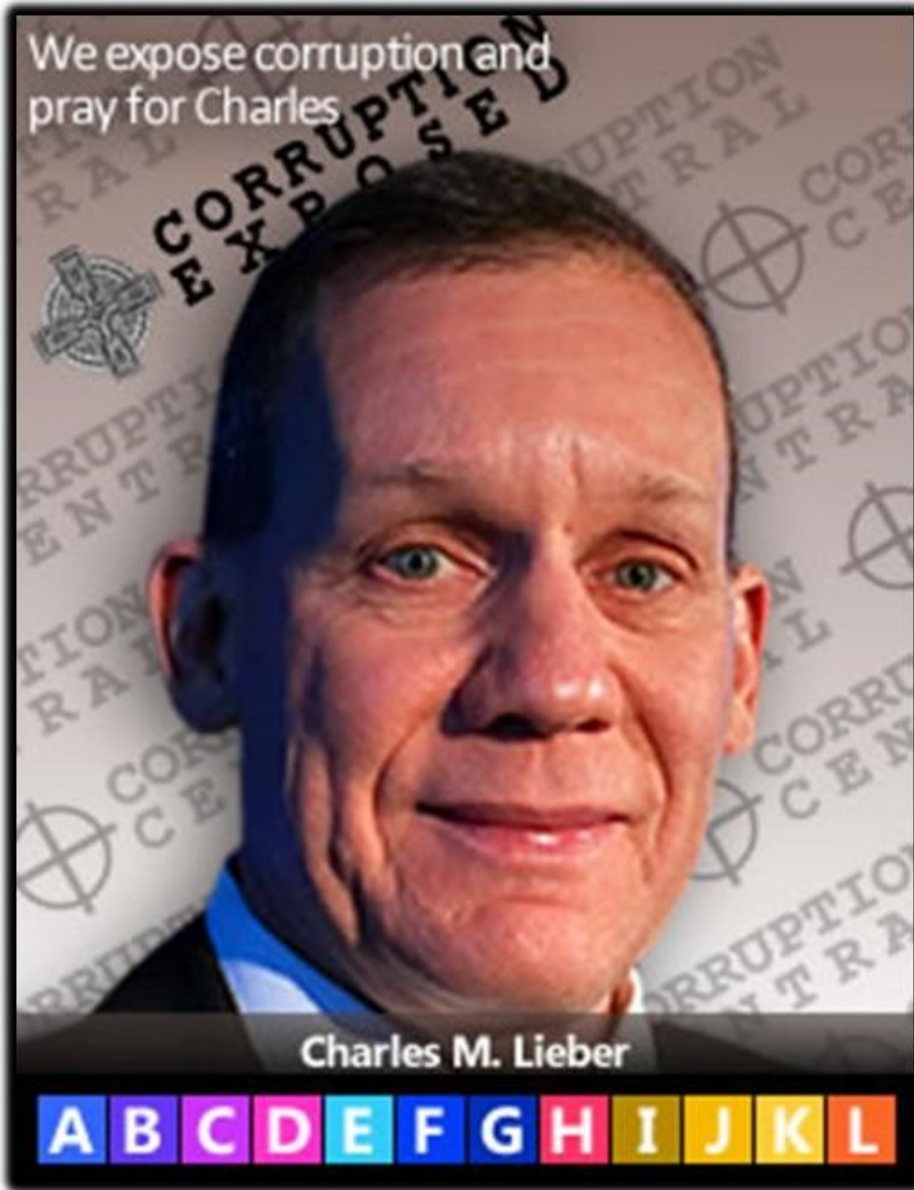

Change one word (drug to [Corona]virus) in this paper and this delivery system becomes a bioweapon.

Harvard Pilgrims Society professor-surrogate exploited like Zuckerberg and the other Silicon Valley stooges to weaponize nanotechnology to deliver viruses and other weaponized

pathogens via 5G (boil the water in the nanotube with 5G milliwave-lengths and it will release its toxic payload, see above); is this what happened in Wuhan, China?

Pray, pray, meditate, meditate, heartfelt thoughts to Mr.T, his family, white hats, militias, first responders, vulnerable populations, all those in imposed poverty, well...every living being on planet Earth...

AIM, McKibben & Co.,A++++ Pathetic how people out here in the weeds do not want to know anything that does not include stuffing something down their throats or down their pants.

Reading this reminds me of the Tylenol murders operation of the 80's.

Eye wonder if they were another False Flag operation?

So we open Pandora's box of the alchemical, where everything good can be co opted into something evil, or a promise of wonder cure brings the Patent thieves swarming to steal the inventions to weaponize them.

So the human race has become a witch doctors wet dream where the whole human race are their test subjects and the planet their laboratory.

Eye wonder, are we being intentionally made sickly so that they can be funded to find cures. I believe so, and now with this "Panic" they've instilled in the population is just another psyop to get us to trust the magic pills and witches brew they conjure up.
