R. Lieber

Defense Electronic Products, Moorestown, N.J., is recipient of the 1962 David Sarnoff Outstanding Achievement Award in Engineering . . . *“for contributions to the field of high-precision space tracking and navigational systems.”*

MR. LIEBER has contributed new and fundamental knowledge to high-accuracy prediction of satellite and missile position using surface-based tracking data, which opens new avenues to the solution of satellite tracking problems. He has made important advances in the integration of tracking, communication, and telemetry functions for support of space missions and has also pointed the way toward vehicle attitude determination from the earth. The applications for which he has developed solutions include ship, submarine, and aircraft navigation, and surveying of land locations. He has worked out commercial as well as military systems applications. As an Engineering Leader, he has demonstrated outstanding ability to plan the effort of and obtain maximum wholehearted support from the senior engineering personnel in his group.

Robert I. Lieber (R. Lieber). (Apr. 01, 1962). Apr-May 1963, **1962 David Sarnoff Outstanding Achievement Award in Engineering**, Systems Engineering, Moorestown Missile and Surface Radar Division, Defense Electronic Products, Moorestown, NJ, Vol. 07, No. 6, p. 32. *RCA Engineer*.

Robert is the father of Harvard carbon nano bio weaponry professor **Charles M. Lieber** who NEVER speaks about his father or family in his prolific global biographies and honors. His grandparents **Leo and Fannie (ne Cohen) Lieber** emigrated in 1893 from Botchane, Romania (1942 Draft Reg.). His place of birth was listed as "Rou. Yiddish" on the 1910 U.S. Census. Leo started a career-long candy business in Philadelphia named Leo Lieber Confectioner ("originator of Crimped Chocolates") (Annual Report, Philadelphia Board of Trade, Vol. 87).

Robert's son, Leo's grandson, **Charles M. Lieber**, was indicted on Jan. 28, 2020 in Boston on fraud and espionage charges. He was accused of conspiring with the **People's Republic of China**, including **Wuhan University of Technology**, on his carbon nanotube, nanowire and nanobud research. These nano devices can be used as bioweapons to deliver pathogen payloads, like Coronavirus, that can be triggered by his father Robert's **5G AEGIS** satellite systems. Robert was a senior engineer-spy who built wireless, satellite, surveillance and killing systems still in use today. **RCA / NBC / BBC / SERCO / QINETIQ / C.I.A. / U.S. Navy / Privy Council** executives, including **David Sarnoff (NBC)**, were/are members of the British-American **Pilgrims Society** and its U.S. minions, the **Senior Executive Service (SES)** and **DARPA**, among others. *Special Note:* The **British Monarch** has 100% "**Golden Share**" control over the BBC, SERCO (RCA-NBC), QINETIQ and the Privy Council. **R.C.A. LIMITED** was renamed **SERCO LIMITED** on Jul. 29, 1987 (*Companies House UK*).

It is not surprising then that Harvard Prof. Charles M. Lieber *never mentions* his father Robert's militaristic spy activities at RCA for the British-American Pilgrims Society and its "**Five Eyes**" weapons of **bio warfare, surveillance, propaganda and mind control**. Charles is evidently a shill front man for the Pilgrims Society who received virtually unlimited funding from **Harvard, DARPA (ARPA in Robert's day), WHO, Gates Fndn, Wellcome Fndn & Trust and NIH** for his carbon nano bio research. (Note: The family data was well hidden, not to mention Robert's patents which are currently blocked from access at the **USPTO** [run by SERCO], but were discovered in the German Patent Office - *Thank You Miners!*)

Indicted Harvard carbon nanotube bio-warfare [likely constructed the Coronavirus nanotube 5G delivery system] professor **Charles M. Lieber** has hidden from public disclosure that his father (the son of a Romanian Jewish

tracking and radar spy for RCA's AEGIS satellite system (Sir Geoffrey Pattie, Privy Council, NBC, GE, BBC, Sarnoff) now managed by Lockheed Martin, SERCO, QinetiQ and the British Privy Council.

Lockheed Martin is controlled by the Queen's Golden Share. RCA became SERCO & QinetiQ and now manages much of America's large-scale infrastructure, including FEMA, air traffic control, Obamacare, OMB, OPM, SES, State Department, warfighting, and even including managing the U.S. Patent and Trademark Office.

The U.S. Patent Office has blocked access to Robert Lieber's weaponized patents, even though this patent is out of his normal radar expertise.

They were discovered in well-presented form at the German Patent Office:

FR App. No. 1,369,330. (Jul. 06, 1964). [FR] Data processing system, Inventors: Hans Karl Flesch, Fredrick Theodore Gutmann, Robert Lieber. filed Apr. 11, 1962, assigned to International Standard Electric Corp., New York, N.Y. (USA). French Patent Office.

DE App. No. 1424634. (Jan. 30, 1969). [DE] Data processing system, Inventors: Flesch Hans Karl, Frederick Theodore Gutman, Robert Lieber. filed Apr. 25, 1962, assigned to International Standard Electric Corp., New York, N.Y. (V. St. A.). German Patent and Trademark Office (DPMA).

U.S. Patent No. 3,204,086. (Aug. 31, 1965). Data Processing Systems. Inventors Hans K. Flesch, Glen Cove, N.Y., and Fredrick T. Gutmann, Caldwell, and Robert Lieber, West Orange, N.J., assignors to International Telephone and Telegraph Corporation, Nutley, N.J., a corporation of Maryland Filed Apr. 27, 1961, Ser. No. 106,090 16 Claims.

Note: The U.S. Patent Office (USPTO) is blocking PUBLIC PAIRS (full record of an application) and even SIMPLE SEARCH access to this Robert Lieber patent.

Here's the proof that the U.S. Patent Office is blocking access to the Robert Lieber patent:

Patent Office is blocking access to U.S. Pat. No. 3,204,086 awarded to Robert I. Lieber, RCA, father of prolific Harvard carbon nanotube professor Charles M. Lieber indicted for espionage. USPTO.

R. LIEBER received his BSME from the University of Miami and his MS from Drexel Institute of Technology. At the Army's Frankford Arsenal from 1950 to 1952, he was responsible for hydraulic circuit development. Joining RCA in 1952, Mr. Lieber contributed to development of the AN/APN-42 subminiaturized pulse radar altimeter and the "Black Cat" low-altitude penetration system. He then became responsible for the integration of the MIT-SPIRE System with the RCA-developed **K-band** terrain clearance radar. From 1956 to 1958 he undertook functional engineering of inertial navigation systems and self-stabilized missile-seeker systems. Since 1958, Mr. Lieber, as Leader of an Analysis group, is responsible for major portions of DAMP and advanced tracking and guidance systems.

The DAMP project implemented lethal capabilities that "Five Eyes" and their British-American Pilgrims Society handlers, including the Senior Executive Service (SES), have turned on friend and foe alike. They want one world government and a 90% lower world

the world.

Charles Lieber never mentions his family heritage. His father Robert was born in Philadelphia on **May 06, 1926** to Leo and Sophie (ne Malason) Lieber. Sophie was Leo's second wife and Robert appears to be their only child. Leo was age 50 and Sophie was age 37 when Robert was born.

Leo's first wife, **Fannie (ne Cohen) (Robert's stepmother)** is the person with whom Leo emigrated from **Botoșani, Romania** on the SMS Fürst Bismarck, arriving in New York on **Mar. 14, 1892**, having fathered three children with Fannie. They identified themselves as "Yiddish" (Jewish). Leo and Fannie had one daughter, one son, Evelyn and Sylvan, respectively, and a third child whose name is garbled on their naturalization certificate dated **Jan. 25, 1912**.

In 1923, Leo Lieber had divorced Fannie to marry Sophie Malason (alt. spellings Maleson, Meleson) whose father and mother were born in Russia. Strangely, Leo told the U.S. Federal Census takers two different countries of origin: **Romania in 1910** (when married to Fannie whose parents were from Romania), and **Russia in 1930** (when married to Sophie whose parents were from Russia). Those are the facts, what is the significance of the deception?

ROBERT LIEBER STARTED LYING TO THE PUBLIC EARLY IN LIFE (AND CONTINUED ALL THROUGH HIS LYING SPY CAREER AT RCA); THEN, ROBERT'S INDICTED HARVARD PROF. SON CHARLES M. LIEBER **JUST KEPT LYING**

Remarkably, on **Robert Lieber's 1946 Draft Card**, he says his father Leo was an "Unemployed veteran." **This is an evident lie.** For some reason, Robert besmirched his father Leo's (Charles' grandfather) 50-year-long career as a candy manufacturer in his own business: Leo Lieber Confectioner, Philadelphia, PA ("Originator of Crimped Chocolates" – *PA Board of Trade*, 1920). It appears that Leo may have even lost three fingers on his left hand early in his profession, according to his **1918 Draft Card**.

Leo Lieber died on **Jun. 08, 1955, here is Leo's Philadelphia Inquirer Obituary** at age 75 having just retired two years earlier in 1953. Here is Leo's **1920 PA Board of Trade**.

Philadelphia Draft Board. **Robert Lieber lied** about his father Leo Lieber being an 'Unemployed veteran'; Leo's 1955 obituary says he retired in 1953 after 50 yrs. as a candy manufacturer – just two years before his death in 1955. In 2020, Robert's son **Charles M. Lieber lied** about his nanotube biology frauds and espionage activities in the People's Republic of China, and specifically Wuhan University of Technology. Wuhan is the alleged site of the Coronavirus media propaganda outbreak of 2020. **Notably, Robert was funded in his RCA radar work by ARPA, and Charles was funded in his Harvard nanotube biology work by DARPA. This proves a continuity of spy activity from father to son.**

Abstract:	The David Sarnoff Research Center (DSRC) in Princeton, New Jersey was the central research organization for the Radio Corporation of America (RCA) from 1942 to 1987. Following GE's acquisition of RCA in 1986, the DSRC was donated to SRI International as a contract research laboratory. Renamed the Sarnoff Corporation in 1997, it was integrated into SRI in 2011. The records document the pioneering research of its scientists and trace the history of the organization from its establishment into the 21st century.

Burlington County Times - Medford, NJ resident

Robert Lieber, born May 6th, 1926 in Philadelphia, died January 6th, 2008. He served in the Army in WWII, Fighting from France to Belgium to Luxembourg to Germany. After the war, he earned a degree in Engineering from the University of Miami, and later a Masters Degree in Systems Engineering from Drexel University. He had a long and successful career at RCA, where he earned three Technical Excellence awards for his ground breaking role in developing a satellite tracking and fire-control radars at their Moorestown plant. Bob also received a patent for the early design of circuit boards, which helped revolutionize the manufacture of electrical equipment, contributed to a radar textbook, and at the pinnacle of his career, was awarded the General Sarnoff gold medal for excellence of achievement for all of RCA.

Above all, Bob was the most caring, devoted, and loving husband, father, friend, and brother-in-law of Marc and Carolyn Shuman. He served as a wonderful role model for his children, Lee, Charles, and Ellen and his beloved grandchildren, Alex and Sara. To him, there was no such thing as a stupid question. He always had a patient and clear response to every query.

Robert Lieber was a spook for RCA, ITT, Cable & Wireless, Navy, Admiralty with the Brits re. building the AEGIS system!

He even has a patent that is being blocked by the USPTO, but found in the German Patent Office!

The RCA AEGIS unit is now run by Lockheed Martin.

But what if President Trump suggested to Xi Jinping that he look at the SOURCE of the coronavirus? Then China would see that the British planted it among the Wuhan people. A UK bioweapon was launched in China where the Chinese tried to keep the spread a secret.

AMERICA . YOU'RE BEING SMOKED .

By Anna Von Reitz

All day I have been listening to prattle about the "meaning" of "the Fed Take Over" by the Treasury Department.

All these people are running around spinning all sorts of "interpretations" about this.

One group is sure it's the work of the "evil New York Wall Street Jews".....

Still more groups are evenly split with some saying its the End of the World and the rest saying its the Beginning of a New World.

Listen to what your Grandma is telling you.

The FED can't buy anything that isn't guaranteed by "the government".

The "government" that was pretending to be the civilian government of this country (never really was) was organized as a commercial corporation that violated its charter.

It is in Chapter 7 Involuntary Bankruptcy Liquidation as a result.

Okay? So, what can the FED buy, if there is no "government" guaranteeing them anything, and their charter forbids them to buy anything that isn't guaranteed by a government?

Think, Grasshoppers. You all have brains and I am giving you the facts.

The FED was all dressed up with nowhere to go.

Doing this little "rearrangement" with the bogus "US Treasury" / IMF which has no such noisome restrictions on what it can buy, lets the IMF take the risks and do the deals while the FED washes its pretty hands of

responsibility for impersonating . mis-characterizing . defrauding millions of Americans . all those "SPV's" you are hearing about . and invest in NEW "SPVs".

Oh, yeah?

Now the "US Treasury" (IMF) will take the rap for that, and the FED will just provide the grease to create a whole new generation of

"Special Purpose Vehicles"

new styles of names used to defraud racketeer against Americans.

styled like this: JOHN M DOE, the banks got the TARP bailout for free, all funded on your backs and your Public Utility assets.

So now what do you think the vermin are doing?

They are trying to buy up your land estates and mineral resources at fire sale prices based on the (false) idea that you “abandoned” your natural birthright

estate as an American -- and they are using your own assets to do it.

Yep, that’s right. They are using your credit secured by your assets to buy themselves a First Position Priority Creditor interest in your estate.

At your expense.

We are the only ones out here on the field carrying your torch and standing up for you?

The United States of America.

The members of your State Assembly, which you stupidly haven’t joined.

Heck, you haven’t even recorded your proper political status, have you?

You haven’t done one thing to protect yourselves and your families from being utterly, totally ripped off, have you?

You are all just standing there with your mouths gaping open, thinking, this is our government.

They wouldn’t do anything bad to us . despite DECADES of abuses like this, despite DECADES of proof otherwise.

The FED is the bank for the Territorial pigs and the IMF is the bank for the Municipal pigs, and you, folks, are playing the part of the trough in all of this.

Can anyone shout, "Fraud! Bank crime in progress! Fraud in progress! Red alert! More fraud incoming!"

American States and People protest FED and IMF collusion in conspiracy against the Constitutions and the people of this country!"

Can anyone hit these stupid Generals upside the head and recall their "duty" for them?

And how about "Q"— time to squash all that Hope Porn like a bug?

Trump is cleaning the Swamp, all right.

Problem is, he's only cleaning half of it.

Posted: 28 Mar 2020 By Anna Von Reitz

There are DOZENS of strains of Common Cold Virus and always have been.

This is all just a ridiculous smokescreen to hide the Municipal Bankruptcy and Territorial attempts to "buy" back the Municipal Corporations (which belong to us) using our credit and assets to do it.

Imagine this — a pickpocket steals all the cash out of your left pocket, and then, he uses this stolen cash to buy the jewel in your right pocket.

Have you got the schtick now? It's a shell game.

The Municipal Government is owned and operated by the Pope directly (theft of the cash in your left pocket).

who is busy trying to use your own assets and credit to buy your Municipal holdings (offer to buy the jewel in your right pocket).

You are funding the whole shooting match, and they are trying to foist this off on you by doing what?

Offering you “relief” payments — also known as “benefits” — which they are free to define and misconstrue however they like, if you accept without doing some re-defining of your own.

Left to themselves, the rats who are “giving” you a whole \$300 billion out of the \$6.2 trillion they are attempting to charge against your assets and credit — would happily claim that you “voluntarily” agreed to settle your claims against the Municipal UNITED STATES, INC., and that you accepted a token “equitable consideration” and donated the rest to them.

So, we have acted in our official capacity and issued a Second Decree Over Mandate which you should take time to read — and officially “accepted” these “relief payments” as “gifts” from the Pope and Queen — and back-charged their accounts for it, not ours.

The “Unknown Country” has nothing to do with Kim or Tank or this country or the price of beans in China.

The “Unknown Country” is also known as the “Divine Province” — the realm beyond death.

They set that trust up and renamed it to benefit themselves.

They acted as “self-interested donors”.

A trust can be set up so that the Donors are also the Beneficiaries, and that is what they did.

But Benedict XVI also ordered them to open the Storehouses of the Lord .
other trusts and accounts that are supposed to provide food and support for people
in the End Times.

Part of that included the Romanus Pontifex – the City of Rome Trust,
also known as the Urban Trust and the UBS Trust that Jamie Dimon stole and
railroaded. just look at the situation.

Do you see any actual assets being deployed, or just more BS?

Let me answer – more BS.

More “Money of Account” that is being charged to you and used to benefit the
bankers and middlemen.

Goddamn stupid, crooked military officers can't figure this out to save themselves or
don't have the “honor” to do anything about it.
