## Strzok Resources for Strzok Research – Why did the Head of Air America Have Uncle Mike Strzok's Passport Photo, and other Questions?

Bill Taylor April 13, 2020 Comments Off

Updated, because Uncle Mike Strzok flew for the CIA in Laos.

We know Peter Strzok is a key player in the coup d'etat against Trump. Other family members need a closer look.

The Strzok family seems to have other connections to the intelligence community that go beyond Peter Strzok (Peter Paul Strzok Jr.) We are collecting ancestry information, and looking for references to Peter Jrs. relatives in the various archives and "FOIA" reading rooms on the Web. The following is provided as a research aid.

Note, we have come across a few instances where "Strzok" is spelled "Strock."

### Potentially Interesting Strzoks

**Peter Paul Strzok Sr.** (father of Pete Jr.)

- Stationed in Iran before revolution.
- Worked for a Bell Helicopter subsidiary in Iran.

### James Strzok (paternal uncle of Peter Jr.)

- Jesuit priest
- Spent much of career in Africa.

### Michael Jerome Strzok (Paternal Uncle of Peter Jr.)

- Single reference to passport photo in archive of [Air America \(CIA\)](#) executive.
- Reference found in document collection of **Frederick Frye Walker**.
  - In 1960, Fred [Walker](#) was transferred to the Kingdom of [Laos](#) and for the next nine years worked as a C-47 Captain for [Air America](#) and was later promoted to an Assistant Chief Pilot and a Regional Chief Pilot by the year of 1964. In this position, [Walker](#) was responsible for supervising and directing activities of pilots in Vientiane, [Laos](#), Udorn and Bangkok, Thailand, and Saigon, South [Vietnam](#). He played a crucial role in building [Air America](#)'s Laotian operation, and in evaluating both De Havilland C-7A Caribou and Fairchild C-123 Providers for their suitability on short take-off and landing (STOL) landing strips in mountainous terrain, and acted as an investigator for aircraft accidents. From 1961 to 1971, [Walker](#) was appointed as Designated Check Pilot for the Chinese Civil Aviation Administration (CCAA) conducting proficiency tests for aircraft and issuance of pilot licenses and certificates. (Interestingly, multiple "google" searches of Michael Strzok and its variations did not return the Linked in link. Although google searches have improved in the past month, they are clearly trying to hide some information.)

## It's a Deep State - A Primer on The Historical Precedence of the Deep State's Attempt to Try to Remove President Trump

An overview of the attempted coup d'etat against President Trump in the context of false flags, political assassinations and other foreign and domestic coups of the past 100 years.

In the Summer of 2016, we started to pay attention to politics again. The Obama years were mostly a hiatus from checking the Drudge Report every day, or participating in discussions on [Free Republic](#).

Hillary's ascendancy prompted us to start visiting Conservative websites again because we remembered just how evil she could be. Back in the 1990s, when new Hillary scandals were a weekly occurrence (The Travel Office Scandal, the Commodities Trading Pay-Off, Whitewater, Mena Connections, The Vince Foster "Arkancide", etc.) it was clear that the Clinton's were the dirtiest criminals to ever inhabit the White House, and if they ever got back in to the White House, bad things were going to happen to this country.

### The Media was All in For Hillary in 2016

The Mainstream Media has leaned left for a few decades now. However, even back in the 1990's, there were still a few MSM outlets that were willing to look in the Clinton's crookedness. The Wall Street Journal could be relied upon to not assist in the cover-up of the Clinton Crime Family, for example.

In the Summer of 2016, it became clear that the MSM hated Trump. Even the ones that leaned to the Right, seemed to go out of their way to prevent him from winning the election by entertaining the idiotic diatribes of the "Never-Trumper" crowd of Republicans.

That's when we realized that the 2016 Election was not your typical Republican versus Democrat affair. The Rail-Roading of **Bernie Sanders** and the attempts to "dirty-up" Trump, and run-cover for Hillary's crimes and poor health, convinced us that **the 2016 Election was about protecting the cash flows and covering up the crimes of many in the Establishment Class.**

In short, the Establishment Class, (the Deep State, the Powers that Be) did not just prefer a Hillary Clinton over a **Mitt Romney** or a **John McCain** (or a **Jeb Bush** if nominated) because of typical surface level "**R**" and "**D**" policy disagreements, they feared **Donald J. Trump** because he was a threat to *the status quo*.

## The Status Quo Involves a Lot of Criminal Activity

We knew the Clinton's were criminals in the Fall of 2016. We did not think virtually the entire establishment were a bunch of criminals too. As the media went full bore into protecting Hillary and trying to slander Trump, and then the Bush, McCain, Romney wing of the Republican Party felt obliged to "pile on", it became apparent that they must all be involved in the same type of criminal activity. The earlier conviction of Dennis Hastert for pedophilia related crimes and the Podesta email release in the Fall of 2016 provided the first hints that some "**R's**" and some "**D's**" were likely conspiring to cover-up crimes **they were both involved in.**

*Tony Podesta (l.) and Dennis Hastert (r.) Camp Nose, Japan*

Since the fall of 2016, we have become convinced that the pedophilia protectors in the US government and media, the heroin producer protectors and importers in some Pentagon offices, and weapons or nuclear technology exporters in some corporations, along with complacent government regulators, are all conspirators in one large criminal syndicate.

## The Criminal Activity of the Criminal Syndicate is Easy to See in Historical Context.

The MSM accolades for Special Counsel Robert Swan Mueller the 3rd provided the impetus to find out who he really was. The media narrative was always the same after his 2017 appointment. Mueller was a Republican. He was known for fairness and "sobriety" on both sides of the aisle. He was the best choice to look in to Trump's "*Russian Collusion*."

The narrative was too similar and scripted from media outlet to media outlet. They are obviously hiding something and the "crowd" who had been following George Webb on Youtube decided to find out what was not being said about Robert Swan Mueller the 3rd, the Establishment's hired-gun to take out President Trump.

## The Robert Swan Mueller III Family Helped Found the Deep State

When Wikipedia leaves out important parts of a person's biography, such as the name of their parents, or who other famous relatives are, one can be usually be assured its because the Deep State does not want you know.

That was the case with Bob Mueller. The George Webb crowd made it a priority to write the real biography of Bob Mueller. Combing genealogy websites and newspaper archives, instead of relying on Wikipedia or establishment controlled media sources, the "crowd" quickly figured out that Bob comes from a very powerful family.

The Mueller family was related to the Genera Charles Cabell and Richard Bissell, who were both fired by JFK over the failed Bay of Pigs Invasion. Robert Swan Mueller the 1st, became wealthy by ripping off the US Government in World War I, and may have been involved in the Businessmen's Plot against FDR in the 1930s. Robert S. Mueller II, the special counsels father, worked for du Pont and seems to be connected to some incidents involving the transfer of nuclear technology and material.

Finally, the Muellers summered on Gibson Island for decades with the Rockefellers, du Ponts, Walkers, Symingtons, and a whole host of other coup plotters, false flag planners and general Robber Baron types of the 20th century.

## Crowd Sourcing the Criminal Syndicate Network over the Past 100 Years

We find it interesting that the same family names, if not the same people, tend to show up each time there is a **False Flag**, **Assassination** or **Coup attempt** (domestic and foreign!)

For example, way back in 1917, there is exiled Belgian banker **Hector Prud'homme Sr.** working the European side to get the US into WWI. **George Herbert Walker** was one of the Americans working the US side. The fortunes made from that War would keep the families in caviar for the next 100 years, and in power. So it's probably not a coincidence **Hector Prud'homme Jr.** is in Iran, working for the World Bank, for the 1953 Coup, there.

## Probably Not a Coincidence

The **JFK Assassination** of course occurred a long time ago. More time has passed between the **Trump Coup Era** and the **JFK Assassination (56 years)** than the time that passed between the **JFK Assassination** and the end of **WWI (46 years)** or maybe a **Wilson coup**, as some of have considered.

Fifty Six years is a long time, and no one really expects to find JFK Coup plotting suspects involved in the attempts to take out Trump, at least since the death of **George H.W. Bush** (there's that Walker name again!)

Still, sometimes the family business is handed down from father to son, or father to daughter, (uncle to niece, father-in-law to son-in-law, etc.) These days, when a family business is transferred to the next generation, **Trump Derangement Syndrome (TDS)** sufferers call it **"23 and Me"**, if not dismiss the entire idea of a "Deep State" as a conspiracy.

The transfer of a business from one generation to another is not "conspiratorial" at all. It used to just be called a "legacy" transfer. (Legacy is a good word, because a legacy transfer includes, inheritances, formal pre-probate agreements, or just an informal pat on the back and wink from a father to a son. It doesn't have to be a business transaction, it could be a Club membership, or even just a **family secret**.) As **George Bluth** told **Michael Bluth**, **"There's Always Money In The Banana Stand."**)

So maybe there are only a few apparent links between the JFK Assassination and the **Trump Coups**, given the separation in time. The **Ray Cline** to **Stefan Halper** connection suggests they were both members of the same Club.

## Sometimes the Connections Run Through Other False Flags

The amateur conspiracy crowd will often entertain some discourse when considering possible JFK assassination connections to the events of 9/11. Once again, the Bush/Walker clan seems to be peering from behind a curtain.

Then Christina Bagley-Rocca shows up in "non-google" Internet searches. It is hard to come up with a more CIA name than "Bagley-Rocca." There is the daughter of Pete Bagley and the daughter in law of Ray Rocca, promoted to Under Secretary of State, after 20 years with the CIA, apparently negotiating with the Taliban in August 2001 over pipe-line rights of way.

When one explains who Pete and Ray were, and what there role in the JFK assassination coverup up was, people get indignant.

- The JFK Assassination cover up had Bagley, Rocca.
- The 9/11 Cover-up had Bagley-Rocca.
- Thirty-eight years separated JFK and 9/11.
- Nineteen years separate 9/11 and the Trump Coup.

**If we find Ted Shackley protégé Cofer Black checking up on the Taliban in 2004 with Christina Bagley-Rocca in 2004, then wondering if Cofer Black's directorship on the Board of Burisma had anything to do with yet another Coup attempt; this time against Trump, hardly seems like an irrelevant ancestry exercise.**
