

# American public figures must be **ordered** to disclose their memberships in the Pilgrims Society and Sovereign Order of the Knights of Malta immediately

*You gotta serve somebody (It may be the devil, or it may be the Lord) — [Bob Dylan](#) (1979)*

Initiates in the Sovereign Order of the Knights of Malta swear an Oath and Vows of fealty to the British Monarch, Pope and the United Nations one-world agenda in violation of the U.S. Constitution

Members of the Knights of Malta and their more exclusive Pilgrims Society masters, comprise the American “Deep State” shadow government that is currently attempting an overthrow of the America Republic

The Knights of Malta English Priory was founded in 1888 by Queen Victoria and son, the Prince of Wales (King Edward VII, 1902), in a secret conspiracy with Lord N.M. Rothschild, Lord Rosebery (Rothschild), Lord Henry de Worms (Rothschild), 1<sup>st</sup> Lord Pirbright, Cecil Rhodes and Viscount Alfred Milner. Together they founded the British South Africa Company so that the Rothschild’s could exploit De Beers diamonds and gold and use it to fund their neo-Imperialist corporate new world order. This group founded the Pilgrims Society (1902)

Any Knight or Dame who is a public figure who is unwilling to disclose their secret society memberships must resign immediately, or face prosecution for sedition and treason

**(Aug. 10, 2020)**—In American ethics law, a public figure is required to disclose all relationships that might affect his or her impartiality in performing public duties.

The Sovereign Order of the Knights of Malta “pories” around the world are comprised of members. Successful applicants for honors must be recommended by at least two existing members. Each member swears an “Oath of Office” and “Vow” to the Constitution of the Order that is led by the Sovereign British Monarch and Pope.

For an American public figure, these Knights of Malta honors and titles profoundly violate the U.S. Constitution Article I, Section 9, Clause 8 of the United States Constitution:

“No Title of Nobility shall be granted by the United States: And no **Person holding any Office of Profit or Trust** under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State.”

The Framers' intentions for this clause were twofold: to prevent a society of nobility from being established in the United States, and to protect the republican forms of government from being influenced by other governments.

Despite this prohibition, the following U.S. public figures are/were Knights of Malta

**Andrew Carnegie**, U.S. Steel, Carnegie Trust, Carnegie Foundation, Carnegie Endowment for International Peace, Carnegie Foundation for the Advancement of Teaching; received a “dukedom” from Edward VII, widely believed to be a title in the Knights of Malta, over which Edward was the sovereign.
