LT. GEN. MCINERNEY: The fact is COVID-19 was a biological attack on the world. It was, to number one, impact the economies, look at it. Look at this place [Washington,
D.C.], this is the first time I have been here since COVID-19.

It's an air raid.

So, they have impacted our economies.

No. 2, it was a direct attack on the election, and they knew what was going to happen. So obviously, the Democrats, whether they're in the party or in collusion with them.

They initially started with Hong Kong. Taking over Hong Kong. Violating what the treaty was and all that. So, they wanted... its hybrid warfare using cyberwarfare and different tools, economics and a whole host of things to change the world.

They have done it very effectively, and what we are all of a sudden realizing... I didn't become involved in this until the first of November (2020) when I found out that the program Hammer and Scorecard were going to be used as a cyberweapons tool, cyber warfare tool, to take and change the voting, and it did.

I called Rudy [Giuliani] and Sydney [Powell] and someone got me in touch with them and I told them on the first of November [3], Sunday.

On the 2nd [Nov. 02, 2020], I was on Steve Bannon's show with Sydney [Powell] as a co-host saying what was going to happen. And on the 3rd, what happened? It's factual.
As of now we have unconstitutional government, and you don't even have to know what I know about the cyberwarfare because they violated their [state] constitutions when they changed the rules.

Let's examine those battle ground states that they know the fraudulent voting came in [from]. It always comes in late at night,

And so, what we found ourselves with, and again, I found this out Tuesday night [Nov. 4, 2020], they've taken control, they have taken control of our society.

We have just one person, we just came from there in the White House, standing in the way, and it is going to mean, you don't fully realize it, but every one of us here, every American out there, is going to have to stand up

We read about it in history.

We read about Normandy, and all that.

But now, we are in it.

And so, we must spread it.

We cannot surrender.

And the President said he wouldn't give up.

You all know that the attack on the Capitol was done by Antifa, but it was enabled by McConnell, by Schumer, by Pelosi, and the mayor [Muriel Bowser].
They knew that was coming. You've all been up there.

There were hardly any security police there, and they moved in, and Antifa did their thing, then the media picked it up.

I worked for Fox for almost 17 years, and it is disgraceful what they are doing. Unfortunately, Rupert Murdoch is driving that with his sons, and they have now merged with the rest of the mainstream media.

This is serious. This is expanding. We cannot let it happen. We don't have four years. As Hong Kong has seen, we do not have time. Time is against us.

Ann and I were just talking to someone about the information that is being released that shows clearly in those battleground states the cyberwarfare that was used.

We also found out, I found out yesterday, that [James B.] Comey, the former FBI Director, sold the Hammer and Scorecard, this top-secret program to the Chinese.

You now have this top-secret program that is like your iPhone. It gets in, it’s called Hammer, it gets in to the voting network, then it has an application, like on your iPhone, you have all those apps.

It [Hammer] puts it on, and it modulates the voting so they win. Not by a large number.

I got a call Tuesday night at 11:30 pm [Nov. 03, 2020, Election Day] that the ISI [Inter-Services Intelligence] from Pakistan was now in the voting machines in Georgia. I
called someone, let them know, the two [Republican]
candidates, Loeffler and Perdue [Sen. Kelly Loeffler nor David
Perdue], were ahead.

I watched. One hour later they were behind.

I thought that they should stop it.

I think their game plan is, no, let them do it. We
have this evidence. We will present this evidence to the
American people so we [pointing to the listeners in the hotel
lobby] can judge. We don't need someone to tell us. We can
tell when we have unconstitutional acts going against us.

And when you think about it, COVID-19, why are they
trying to kill our small businesses and make everybody
dependent on the government?

Democratic socialism is the front door to communism.

None of us ever thought that we would be in that
position today where this country became a communist society.

But think of what is happening right now in Twitter,
and Facebook. They won't let the President be on it. They're
censoring the President of the United States.

This is amazing, in our country, that we would have
ever thought this would happen.

That is why I was so disappointed in the Vice
President [Michael R. Pence]. He had the opportunity. Because,
if we had a 10-day audit, it would be very clear to all of us,
and all 323 million Americans, whatever the number is today. It would be very clear what has happened to our society. So, God bless you. Let's keep fighting it. Let's support this President and the people like ourselves that understand what's happening in front of us.

We shall not let it happen. We cannot let it happen. I never thought we'd have so many Americans who have betrayed [us], and I believe it is for money, and the Chinese are moving the money.

LISTENER: [Question and comment on Italy's role re. Leonardo SpA satellite systems.]

LT. GEN. MCINERNEY: That's true.

There were many countries that were doing that [changing US 2020 votes], but it had to be controlled from China using Hammer and Scorecard, in my opinion, you cannot have so many different attacks because you would be changing numbers in all 50 states, it just wouldn’t match up. That has to be synchronized.

And they all do it, like it was late at night.

This is a scorecard from Joseph Goebbels [Minister of Propaganda of Nazi Germany from 1933 to 1945].

[Goebbels:] “If you tell a lie big enough.”

That's what they are doing.

And you see Pelosi, you see Schumer.
Ann [Vandersteel] just told me that Pelosi called the Chairman of the Joint Chiefs of Staff, General Mark Milley, and they are trying to get him [President Trump] out under the 25th Amendment, or to impeach him.

Why?

Well, because on Wednesday they took Pelosi's laptop. She's frantic.

There were some people in there, [American] Special Forces, mixed with Antifa, and they took her laptop, and they have that data. So, you'd say, well look, you've only got 12 days, or whatever it is, until the 20th, why worry about it? Just let him go out.

No, they are terrified because they [Special Forces and President Trump] have that data.

I believe they also have a source that is talking like song bird.

The president is going to spring that person on us so that it will completely, completely change... because it is someone who said, I'm not going to do this. This is treason, remember, this is treason, high treason.

**ANN VANDERSTEEL:** Sir, could he use the Emergency Broadcast System, Emergency Action Message to communicate this?
LT. GEN. MCINNERNEY: I don't know if you saw yesterday, an email went around telling everybody about the Emergency Broadcast System?

ANN VANDERSTEEL: I did.

LT. GEN. MCINNERNEY: So those little signals that you see, you see that what I saw on September 18th or 19th, Executive Order 2018, if foreigners were involved in the U.S. election that the President could declare a national emergency.

That means he knew back two years ago.

That is why it has just all come together that COVID-19 is a biological attack.

Let's not say it was an accident and it slipped out of a food market or anything. We're not that naïve anymore.

It's standard. Simultaneously remember, when was the impeachment?

LISTENERS: Sametime.

LT. GEN. MCINNERNEY: December and January when COVID-19 was coming in. So, they had that deception.

The media is just like now.

You look in the media [today] and all they are doing is talking about Wednesday [Jan. 06, 2021]. So, something is going on. [@48:03]. It's a distraction.

In military terms it is a tactical deception.
LISTENER: And, Congress is using it as an excuse not to
give the delay [on the Electors vote], because they said, oh,
now it’s been violent, so [garbled])

LT. GEN. MCINERNEY: Yah, so that is how they played it.
And they knew it.

And, all I can say is, [with emphasis] we must stand
up. You are just like a young soldier at Normandy, or the
Battle of the Bulge. This is a critical time for the world.

Because if America goes down ...

... ah, my wife is ill. So, it was interesting that
this morning the night nurse, I've got 24x7 nurse care, so
that is why I'm here. The night nurse said, this is why we
came here. She came from Haiti. She said, this is what we tell
our... she's got twins, boy and a girl, 12 children, she said,
my husband and I tell them this is why we came here, for
freedom, she understands it.

So yes.

LISTENER: We have church networks across the
country. What would be certain points we need to communicate
to all our church networks around the country?

LT. GEN. MCINERNEY: Well, I was on with Carla Dean
[sp?] last night and there were like 625 civic leaders, and
that's the question they asked me.
I think what we need to communicate is, back the President, tell him how serious this is. This is not just a fraudulent election; it is changing our whole lifestyle. It's engineered. It's coordinated, COVID-19, it has to be. Look at this. What is going on?

We think it is because of medical.

Dr. Fauci tells us, well, we've got to shut everything down.

Look at what they have done to the world.

And look at the Republicans, the depth of this corruption.

I had a call from a chap who was a Congressman in Georgia. And he called me, trying to get General Flynn, because he's talking about corruption in other areas, what they have done.

As I said, it’s just yesterday they found out that Comey sold the Hammer and Scorecard system to the Chinese.

So, we've got a problem.

Now, I happened to see this four years ago because I was the Air [Force] Attaché in London.

I was Vice Commander of 111 Wing in England, and I was the Commander of the 3rd Air Force when we attacked Tripoli in 1986, Kaddafi.

I know that GCHQ [Government Communications Headquarters], which is the [UK] government communications
headquarters, which is our equivalent of Fort Meade, NSA, Signals Intelligence. And ah, what is important about it when it started the Russian Collusion, I saw how the information was coming out of the United Kingdom.

They [British Intelligence] were falsifying it, creating all this so and so said he's Russian.

Well, that's the Saul Alinsky model. They were doing, they were accusing President Trump of doing what [emphasis] they were doing. Hillary paid 'em.

So, if you see the corruptness that's going on, and it’s been how many years it’s been going on.

Why did President Obama move to Calor-rama less than three miles as the crow flies, have Valerie Jarrett move in with them with her husband, and put a SCIF [Sensitive Compartmented Information Facility] in his home?

Because of signals intelligence.

Now, that's the danger.

You asked the right question.

I don't know exactly what we need to do. Except, we must understand that this is pervasive. That this has cut through our whole society.

Every senator and house member of the Democrats know that Biden was elected unconstitutionally.

I mean, is that the model for the future?

Stay in your basement?
Have one rally with 14 people in the care blowing
their horns? Please.

It doesn't pass the sniff test.

Wake up America.

That's what we've got to tell our neighbors. That's
what we've got to tell our church groups.

And the people that say, well there's no evidence,
there's tons of evidence. Look for it.

But how much has Fox News gone out? And I just
started the first of November [2020], a single person.

I don't have people helping me. You know, except Ann
[Vandersteel] and these types of people who are on the air.

But the fact is, they have not investigated when
they say that they did, that this is not real, that there
isn't evidence.

What have they done to investigate it?

LISTENER: Nancy Pelosi's laptop, is it with the FBI
today?

LT. GEN. MCINNERNEY: Well, I wouldn't give it to the
FBI. It's somewhere else. Ann's got pictures of it.

I thought that was counter-information operations
honestly. But I've seen the laptop our Special Forces took
out.

Think about it. You've only got 12 days to the 20th, today's the 8th, 12 days. Well, let him go out. But they're calling for, she calls the Chairman of the Joint Chiefs of Staff. The Vice President [Pence] misses the opportunity to. And unfortunately, I believe the Vice President has committed treason.

Now, never would I have thought in these halls, after walking through the White House, and when my last job in the Air Force, when I was No. 3 man in the Air Force, on the air staff, and I also did Vice President Gore's Reinventing Government.

I would go to the White House every two weeks; with the whole federal government I was the one person who represented the Department of Defense for Vice President Gore's Reinventing Government.

I never would have thought what has transpired since that time frame. And so, tell everybody. Wake up America. This is serious stuff. We're thinking what those soldiers that went across the Delaware in 1776 with George Washington. That's where you are now. That's where we are.
Are we going to stand up for that?
