

The Hidden Hand: Unraveling the Rothschilds & Israel

Mayer Amschel Rothschild (1744-1812)

By Anonymous Patriots, May 28, 2025

The Rothschild family, a name synonymous with wealth and power, has long been at the center of global financial narratives and conspiracy theories, true and not. Emerging from 18th-century Frankfurt, their banking empire shaped European and American economies, but a longer historical view reveals a millennia-hidden story, supported by modern DNA, that the Rothschilds are not Jewish but Babylonian Rādhānites (Turkic, Persian, Khazarian, Sogdian, Chinese blood).

The Rādhānites are an ancient merchant-banker group that controlled the banking and commerce of the Silk Road trade of the Babylonian Empire among China, Europe, and North Africa, extending all the way to Iceland.

Arab historian, postmaster, and secret policeman in Baghdad (formerly Babylon), Ibn Khordadbeh, wrote about them in his *Book of Roads and Kingdoms* ca. 870 AD. This article explores these claims, examining their role in creating British Zionism, fueling the antisemitism trope, and controlling modern Israel.

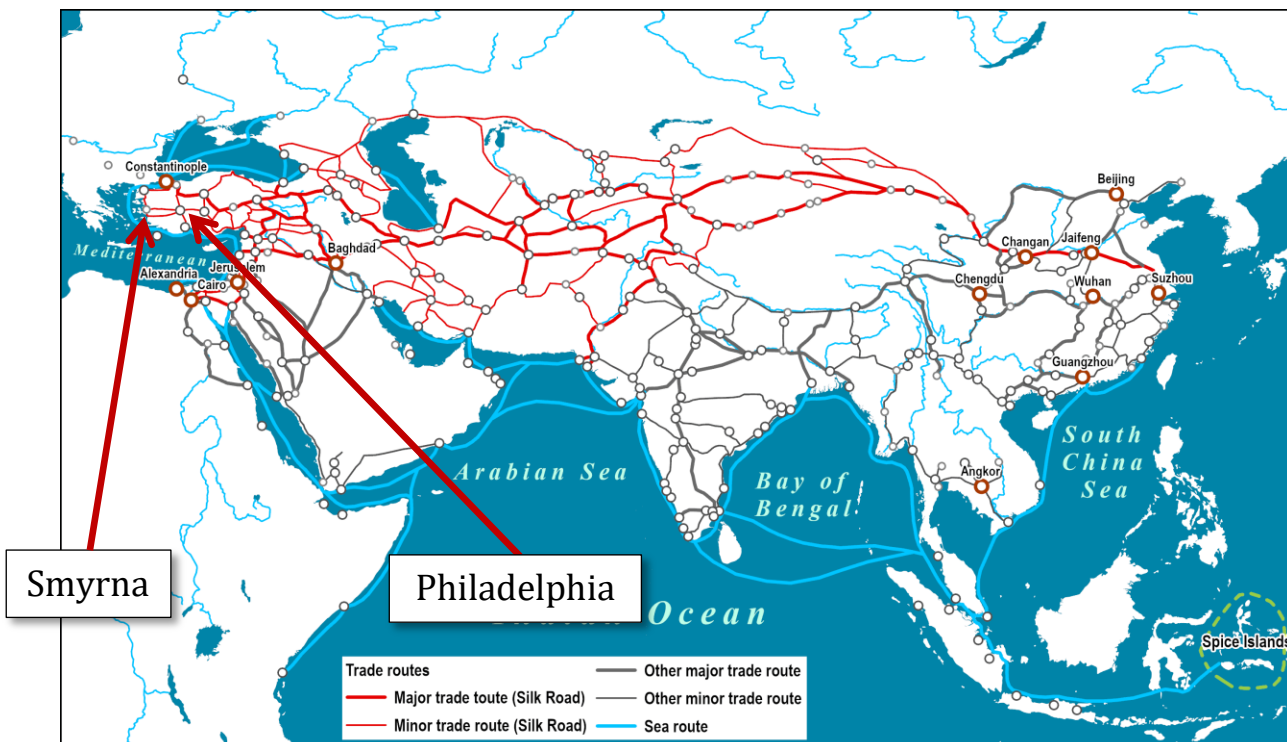

*Caricature: **Abu'l-Qasim Ubaydallah ibn Abdallah ibn Khordadbeh** (Arabic: ابوالقاسم عبيدالله ابن خردادبه; 820/825–913), commonly known as **Ibn Khordadbeh** (also spelled **Ibn Khurradadhbih**; ابن خرددة), was a high-ranking bureaucrat and geographer of [Persian](#) descent in the [Abbasid Caliphate](#). He is the author of the earliest surviving [Arabic](#) book of administrative geography.*

The Babylonian Rādhānites: An Ancient Legacy

The people-group Babylonian Rādhānites originated in Kish around 5300-4300 BC, initiating practices of usury, human slavery, and sacrifice of the innocents. They ran the banking, tax collection, government, commerce, public works, and law of Babylon/Baghdad.

They were identified as Rādhānites ca. 800 AD from their geographic location being a wealthy southeastern suburb of Baghdad named Rādhān between the Tigris and Euphrates Rivers. There they ran the **Silk Road settlement banks**—as they had done for millennia. Earlier they were identified in history from the extensive banking archives of as the [Egibi and Murašû](#) families ca. 600 BC. who some historians even call “the Rothschilds of Babylon.” They have identified as “Jews” for four millennia, but were in fact an admixture of Silk Road people groups (i.e., Turkic, Khazarian, Persian, Sogdian, Chinese, even Indian).

These non-Jewish merchant-bankers were so deceptive that St. John the Revelator actually called them out in [Revelation 2:9](#) (to the Church in Smyrna): “I know about the slander of **those who say they are Jews and are not, but are a synagogue of Satan.**” St. John also called them out in [Revelation 3:9](#) (to the Church in Philadelphia): “I will make those who are of **the synagogue of Satan, who claim to be Jews though they are not, but are liars**—I will make them' come and fall down at your feet and acknowledge that I have loved you.” Notably, the cities he references are Smyrna and Philadelphia two cities along the Silk Road to the seaport at Smyrna where goods were onboarded and taken to Italy, Spain, North Africa, France, Britain, and the rest of Northern Europe, even to Iceland. (Note: Smyrna is the ancestral home of JPMorgan Chase CEO Jamie Dimon., and the hub of the British-American opium trade between Turkey and China.

Trade routes of the Silk Road ca. 500 AD.

They renamed themselves “Ashkenazi Jews” in the 11th century after the Seljuk Turk Muslims drove them out of Baghdad (100 years before the Crusades) and forced them to flee with their Solomon’s banker gold into Europe. They concealed their pagan worship of deities like Mammon, Ba’al, and Moloch. These were some of the demon gods worshipped by Solomon’s 700 princesses, wives and 300 concubines (“Solomon did evil in the sight of the Lord”).

Against God’s prohibitions, the Bible says Solomon conceived offspring among Moabites, Ammonites, Edomites, Zidonians, and Hittites. He built pagan temples for his 1000 princesses, wives and concubines. *1 Kings 11:1-8*. In short, self-named [Ashkenazi and Sephardic Jews have no or few Hebrew or Semitic DNA markers today](#). (*Frontiers in Genetics*). See also Bibliography following.

The Rothschilds, rising to prominence in the 18th century, called themselves Jews and are heirs to this tradition, eventually controlling global finance in Germany and France, then through The City of London since its 1067 charter (City of London Charter). The historical facts show that Jewish identity is a façade founded in the control of usury since ancient times.

The “Jewish” Houses of Egibis and Murašûs trafficked in slaves. Displayed above is a cuneiform tablet: agreement regarding disposition of slaves, Egibi archive ca. 540 BC. This contract is part of 1,700 tables of The House of Egibi Bankers from Babylon. Source: [The Met](#). See also [AFI. \(Apr. 19, 2023\)](#). *The City of London Babylonian Merchant-Banker-Demon Hoax of all Time*. Americans for Innovation.

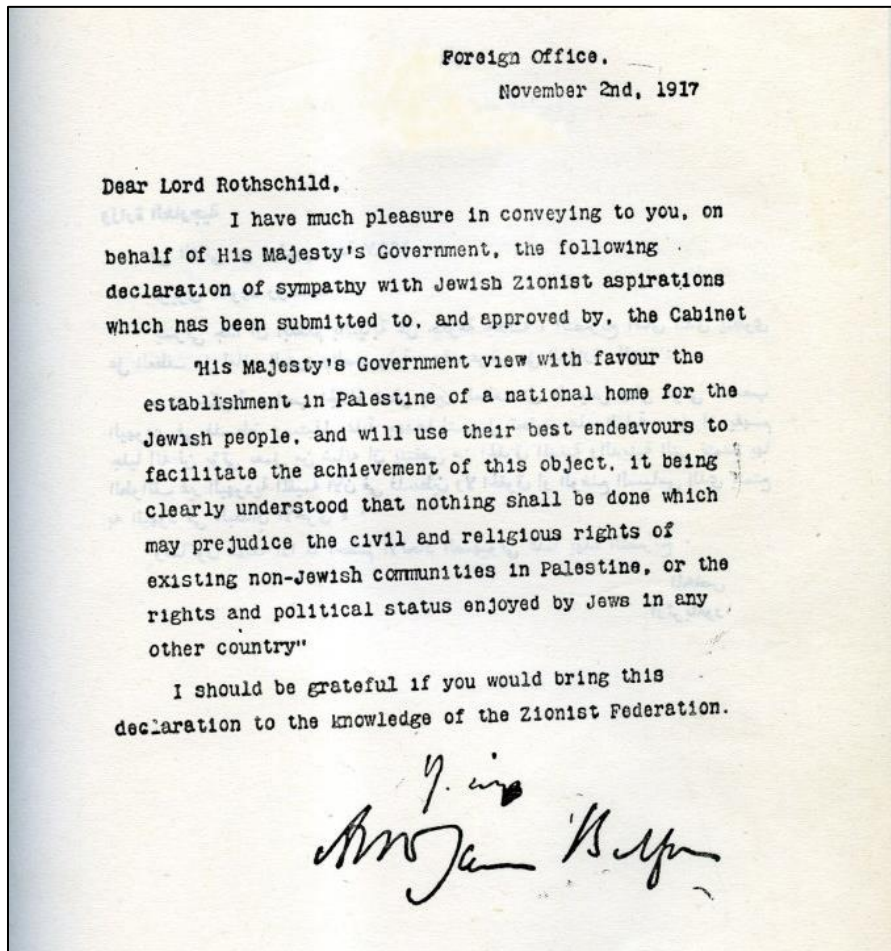

Historical records suggest that their claim of Jewish identity masks ancient usury pagan practices, supported by cuneiform contracts from the [Egibi and Murašû](#) “Jewish” ancestry from the 7th through 5th century BC, tied to Silk Road intermingling, rather than Hebrew or Semitic roots, manifest in a distinctive hooked-nose DNA defect evident today.

The Rothschilds and British Zionism

The Rothschilds' involvement in Zionism is well-documented, particularly through the Balfour Declaration of 1917, addressed to **Lord Walter Rothschild** from former prime minister **Lord Arthur Balfour**, which supported a Jewish homeland in Palestine. This was part of a British imperial strategy devised by the Pilgrims Society in The City of London in 1902 to annex America, with the Rothschilds leveraging their financial influence to control British policy.

The Balfour Declaration was a public statement by two founding members of the Pilgrims Society issued by the [British Government](#) in 1917 during the [First World War](#) announcing its support for the establishment of a "national home for the Jewish people" in [Palestine](#).

Baron Edmond de Rothschild funded settlements like Rishon-LeZion (1882) and Petah Tikva (1883), contributing 500,000 francs annually to Eastern Jewry via the Alliance Israélite Universelle (Rothschild Family). The Rothschild's stock broker, Sir Moses Montefiore, who brokered the stock manipulation in London following the defeat of Napoleon, went on to finance the first Israeli settlement Mishkenot Sha'ananim (1860).

Baron Edmond de Rothschild funded settlements like Rishon-LeZion (1882) and Petah Tikva (1883) (current headquarters of TeleMessage), contributing 500,000 francs annually to Eastern Jewry via the Alliance Israélite Universelle (Rothschild Family). The Rothschild's stock broker, Sir Moses Montefiore, who brokered the stock manipulation in London following the defeat of Napoleon, went on to finance the first Israeli settlement Mishkenot Sha'ananim (1860).

However, well-paid mainstream historians often argue that British geopolitical interests, such as securing Jewish support during World War I, were the primary drivers rather than the Rothschild's lust to control Palestine.

Rothschild's lust to control Palestine

The Rothschilds were connected to Benjamin Disraeli, twice British Prime Minister of Jewish descent (1868, 1874-1880), who promoted a Babylonian Rādhānite history with N.M. Rothschild, supporting Zionist plans to control Palestine. Disraeli's policies, including his support for British imperialism, aligned with Zionist goals.

Other Zionist influencers included Sir Alfred Mond, a founder of the British Pilgrims Society (1902), and founder of Brunner-Mond that was the primary supplier of gunpowder to the British Empire for over a half-century, now Imperial Chemical Industries (ICI) and AstraZeneca Plc. Brunner-Mond acquired Nobel Industries to further consolidate gunpowder for the Empire.

Alfred Moritz Mond, 1st Baron Melchett, [PC](#), [FRS](#), [DL](#) (23 October 1868 – 27 December 1930), known as **Sir Alfred Mond**, Bt between 1910 and 1928, was a British industrialist, financier and politician. In his later life he became an active [Zionist](#).

After his law studies, he joined his father's business [Brunner Mond & Company](#) as a director, later becoming its managing director. His other directorships included the [Westminster Bank](#) and the [Industrial Finance Investment Corporation](#).

One of his major business achievements came in 1926, when he worked to create the merger of four companies to form [Imperial Chemical Industries](#) (ICI), one of the world's largest industrial corporations at the time.^[2] He became its first chairman.

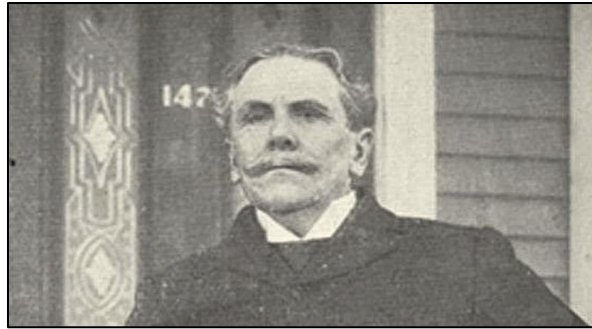

Mond was also managing director of his father's other company, the [Mond Nickel Company](#), of which he inherited the majority of shares. He was an active director from the outset, and amongst other growth projects he commissioned the [Coniston smelter](#) and the [Acton, London nickel carbonyl](#) refinery. He saw the sense in [Robert C. Stanley's](#) overture because of the [Frood Mine](#) problem and recommended the merger of his company into the [International Nickel Company](#), which was accomplished on 1 January 1929. Thereafter he sat as a director of the combined company.

The Rothschilds Misled Evangelicals into Supporting British Zionism

The Rothschilds funded Christian scammer [Cyrus I. Scofield](#) to create a Bible Commentary, published by Oxford University Press and still influential, which shaped modern evangelical views on End Times prophecy, introducing concepts like "The Rapture," dispensationalism, and pre- and post-Millennialism.

This work sought to convince American evangelicals to back British Zionism and the Rothschild-supported acquisition of Palestine, promoting a "Jewish" Israel. This diverged from the traditional Christian belief, held since the Resurrection, that the Christian Church, fulfilled in Jesus Christ, is the new Israel.

Cyrus I. (C.I.) Scofield (1843-1921), a former “scallywag” lawyer and politician, became an evangelical Y.M.C.A. Bible commentator, working for the pagan Babylonian Radhanite merchant-bankers of the Pilgrims Society in The City of London. He pioneered “The Rapture,” dispensationalism, and Christian Zionism, misleading generations of evangelicals into silence, social passivity, and British political and economic debt bondage.

America’s current ambassador to Israel, Mike Huckabee, a former Baptist minister, appears to be sympathetic to aspects of dispensationalism given his strong Baptist associations where dispensationalism is almost dogma in many churches.

Event	Details
C.I. Scofield	Cyrus I. Scofield developed dispensationalism to convince American evangelicals to shift from traditional theology, which views the Church as the Body of Christ, and instead endorses a distinct British Zionist vision for establishing the modern State of Israel, separate from the Christian Church.
Balfour Declaration	1917, addressed to Lord Walter Rothschild by Lord Arthur Balfour supported Jewish homeland
Rothschild Funding	Baron Edmond funded settlements, 500,000 francs/year to Eastern Jewry; Sir Moses Montefiore funded settlements
Disraeli’s Role	Promoted Zionist ideals with N.M. Rothschild

Antisemitism: A Manipulated Narrative

The Rothschilds, as Babylonian Rādhānites, used and continue to use, antisemitism strategically, pointing to their association with controversial false messiahs like Jacob Frank, a proponent of Sabbatean Frankist practices that rejected Jewish law and reveals their Satanism. Then, when critics would protest against their immorality, they would shout “Antisemitism!” to deflect further criticism.

Jacob Joseph Frank (Hebrew: פרנק יעקב; Yiddish: פֿראַנק יעקב; Polish: Jakub Józef Frank; born Jakub Lejbowicz; 1726 – 10 December 1791); a Polish-Jewish religious leader who claimed to be the reincarnation of the self-proclaimed messiah [Sabbatai Zevi](#) (1626–1676) and also of the biblical patriarch Jacob. His scandalous practices advocated [ritualized orgies](#), [incestuous acts](#)—most notably between fathers and daughters—and the deliberate violation of Jewish moral laws, which he preached were necessary to hasten a messianic redemption through embracing the “abyss” of sin. Frank was heavily financed by Mayer Amschel Rothschild.

More recently, Maurice Hyman Halperin, identified in the just release JFK files, worked with the UN Hebrew language service beamed to promote Zionist migration to Palestine. AntiSemitism, contrary to protecting Jews, is actually a Babylonian Rādhānite-created **political shield** to hide the non-Jewish origins of these Babylonian Rādhānite pagan imposters.

Control Over Modern Israel

The Rothschilds evidently control Israel today. The Rothschilds, through The City of London and the Pilgrims Society, influence global economies, including Israel’s, via banks like JPMorgan and asset managers like BlackRock. Their control of Thomson Reuters’ “Know Your Customer” database, acquired in 2014, is a tool for financial oversight that will be a part of the Social Credit Score. Additionally, their historical oversight of gold, including Solomon’s and Nazi gold, is linked to the London Bullion Market, directly affecting Israel’s economy.

On December 12th, 1972, Marie-Hélène de Rothschild held a special party at one of the Rothschild mansions called the Château de Ferrières.

Rothschild apologists and their search engines try to convince us that their massive investments in Israel are done with no intent to control British and Israeli politics outside “philanthropy.”

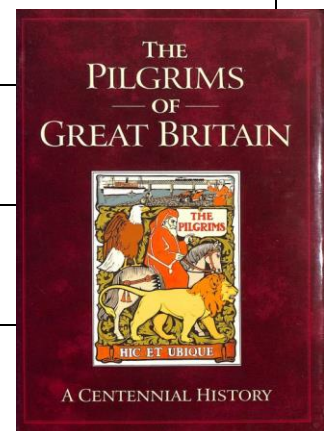

Jesus Christ:

“No one can serve two masters; for either he will hate the one and love the other, or else he will be loyal to the one and despise the other. **You cannot serve God and mammon.**”

[St. Matthew 6:24](#)

Aspect	Details
Financial Influence	Control via banks (JPMorgan, BlackRock) and Thomson Reuters' KYC database
Pilgrims Society	Influence over global politics, including Israel
“Philanthropy”	Funded Israeli Knesset, Supreme Court buildings

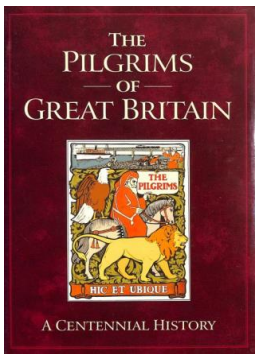

The Pilgrims Society: The Unifying Conspiracy (not a theory)

The Pilgrims Society, founded in 1902 has orchestrated British-American control over global affairs, including Zionism and Israel. It is controlled by the Babylonian Rādhānites, with the Lords Rothschild in succession since the American Revolution.

The Society organized [The First Imperial Press Conference, 1909](#) in The City of London that is the [Scene of the Crimes Against Humanity](#) where spying, propaganda, communications and biowarfare were organized on a global scale.

They founded MI6, MI5, GC&CS now GCHQ, and the Empire Press Union as platforms that have corrupted so many aspect of our modern culture—the founders of “the deep state.”

After finessing America into two world wars, they then controlled the formation of the [UK-USA Agreement on March 5, 1946](#). This group then drove the founding in America of the CIA and NSA as subservient to the Pilgrims in London. Only in 2010 did these criminals reveal this treachery to the British and American people. During that time, The City of London fueled a Pilgrims Society takeover of every aspect of American business and culture.

Lord Rosebery (a maternal Rothschild): "Missionaries of Empire"

THE ORIGIN AND WORK OF THE CONFERENCE.

3

Three weeks earlier, it is noteworthy, Lord Rosebery concluded his speech to the delegates at the Banquet of Welcome given on their arrival, by hoping and predicting that they would return to their homes "missionaries of Empire." It was an "intelligent anticipation," entirely justified by events. The private, equally with the public, utterances of the delegates place that assurance beyond question.

America's political class has been controlled by the Pilgrims since its founding in 1902. Not convinced? Know that Lyndon Johnson was a Pilgrim. Richard Nixon's cabinet were all Pilgrims (Kissinger, Weinberger, Volcker, Connolly, Haig, Schultz...).

The Babylonian Radhanite-controlled press has failed to inform the public about the Pilgrims Society. Who was controlling the Biden administration? The British Pilgrims Society.

[The Pilgrims Society's 24-point plan to annex America](#), discovered by investigative journalist Lillian Scott Troy ca. 1908 and published in 1912, identified the Rothschild involvement in the take down of the American Republic.

Americans and global citizens must not permit the Rothschilds and the British Pilgrims Society to finalize their 200-year scheme to dominate Babylonian banking (usury) and culture.

Something I just don't understand is no matter how many memes, articles or links I share on Social Media, I still can't get one person outside of Gabriel's Horn or AIM to call the Enemy out by their real Name; British Pilgrims Society/Babylonian Radhanite Merchant Bankers. I have been pounding my fists on the table for over a year now showing all kinds of evidence that demonstrates this yet nobody acknowledges it. Nobody will call them out by their real name. Everyone insists on calling them "Zionist Jews" or "Kazaharian Mafia" or "Israel", anything but call them by their real name. I just don't understand this. The proof and receipts

are all here. Why won't anybody outside of AIM recognize the Enemy for who they really are? It just doesn't make sense. Surely there are more than just a handful of us out of millions of people who know this TRUTH. I'm severely mentally ill and can make the distinction. Why can't so many others?

As a young person, I dismissed the warnings from "conspiracy theorists" about the Rothschilds due to their lack of verifiable details. Now, I'm stunned and feel compelled to apologize for blowing them off.

..I've heard the Rothschilds frequently marry first and second cousins, a practice so common that it has certainly destabilized their bloodline, much like the Hatfields and McCoys. It makes me wonder if Jeffrey Epstein was involved in diluting their crazy genes. It's shocking to think that giving immense wealth to such a family could lead to institutions like the Bank of England and JPMorgan Chase. For the sake of humanity, this cycle must end. . . . God help us.

The "Khazarian Mafia" narrative isn't entirely baseless but lacks proper context. The Khazars, located north of Babylon, occupying the Crimea into the steppes of Russia, served as a pragmatic solution for the Radhanites, Jewish merchant-bankers displaced by the Seljuk Turk invasions. Babylon/Baghdad was the endpoint of the southern Silk Road route, where contracts and trades were settled. When it became untenable, the Radhanites merchant-bankers struck a deal with the Khazars to establish a northern trade route. To maintain credibility with Silk Road nations, who preferred dealing with "People of the Book" (Jews) over pagan nomads, the Khazars' merchant-banker class was encouraged to "convert" to Judaism and adopt a Jewish persona. The historical ruse is the Radhanites were secretly Babylonian pagans as well. There was no "Khazarian Mafia" controlling commerce or banking; they were merely intermediaries for the Radhanites, who, after fleeing Babylon, resettled among Europe's aristocracies with whom they had been trading for millennia.

The Rothschilds need our prayers. They need love! Is it ever too late for people like this to repent? The Bible says in 1 Timothy 4:1–2 – – – In later times some will abandon the faith and **follow deceiving spirits and things taught by demons**. Such teachings come through hypocritical liars, whose **consciences have been seared as with a hot iron.**”
