Revolution – Ready or Not

We are the forerunners, the guardians of the coming day, the minutemen of our times.

We are surrounded by revolutions in all fields of knowledge, science, and geopolitics.

We are taking quantum steps of consciousness, collectively, every day:

- Quantum particle physics,
- Quantum mechanics, and
- Quantum computing.

New scientific theories and applications abound; and yet:

- No philosophy of science exists,
- No synthesis of knowledge exists,
- No comparing discoveries exists,
- No moderation in scientific innovations exists,
- No morality in scientific secular humanism exists, and
- No separation of innovation and weaponization exists.

There Are Unprecedented Revolutions in All Fields of Knowledge

1. **Technology:**
Unimaginable wonders, yet *Tech Warlords* are creating illnesses and social diseases
2. **Medical:**
Miracle procedures, yet *Big Pharma* are creating unnecessary vaccines, poison drugs, iatrogenic death
3. **Agriculture:**
New machinery and high production, yet *Monsanto* is pushing glyphosates, GMOs, denaturing
4. **Energy:**
Free energy devices, yet *Big Oil* is conspiring in patent theft and weaponization with DARPA/In-Q-Tel (C.I.A.)
5. **Religion:**
Freedom to believe and sacred texts, yet *Evil* is pressing Satanism, slavery, oppression
6. **Apocalypse:**
Ascension is possible, yet *Evil Attacks* create tech-illness, poisonous drugs, foods, stress
7. **Future Trends:**
Beyond imagination, yet *Machine Intelligence* has hijacked smartphones, computers, 5G, AI

Why Are These Revolutions Happening Now?

Humanity is collectively crossing the threshold between the seen and unseen worlds. There has been a quantum leap in consciousness to face our doppelgänger¹ and evolve.

We are the agents of change who make or break these revolutions. Small numbers of people, acting homeopathically, act as leaven, or a rising tide that floats all boats.

Only a few-hundred people led the first American Revolution to win freedom and democracy for all citizens of the United States. Soon afterwards, the Republic added the Federal government as a millstone around its neck. This federal government is slowly eroding the U.S. Constitution through a series of actions that are tantamount to an attempt to overthrow the Republic of the United States of America.

¹ The word "doppelgänger" is often used in a more general and neutral sense to describe any person who physically or behaviorally resembles another person. Some traditions equate a doppelgänger with an evil twin.

We are now in a 2nd American Revolution, and Trump is winning back the Republic by reversing the series of steps that led to its near overthrow by the Federal government. That government is backed by trans-national interests—the D.C. Swamp of career federal politicians, often called the Deep State or the Shadow Government, and their corporate globalist warlords.

How Did Trans-Nationalists Attempt to Overthrow the Republic?

<i>Date:</i>	<i>Event:</i>
1789	The Judiciary Act—Congress created federal courts that are superior to state courts
1791	1800—Federal incorporation of Washington, D.C. (like Vatican City, City of London)

1913	U.S. Federal Reserve—1913; false debt from monetary system
1913	16 th Amendment to the U.S. Constitution created the IRS – taxes for war debt
1920	League of Nations became the United Nations in 1942
1921	Council on Foreign Relations—controlled U.S. foreign and domestic policy
1930	Bank for Int'l Settlement—international derivative swaps (re. German reparations)
1934	Exchange Stabilization Fund —Controls the supposed “Free Markets”
1944	Bretton Woods—World Bank, IMF (special drawing rights), WTO
1945	Central Intelligence Agency (Office of Strategic Services)
1981	Bush Rogue C.I.A. control of White House (Clinton/Obama) Bush Mafia
1995	The Highlands Forum/Group alliance between public and private intelligence

Columbus, Ohio by Clinton, Bush, Obama lawyer James P. Chandler, III and David J. Kappos, IBM & National Infrastructure Advisory Council (NIAC)
